The Parks have received new signs for the sanitation station areas at both campgrounds. The signs are mandated by the Campground Rules that are used to license our campgrounds. These new sign will be a visual improvement at the parks.

Also, the Parks have ordered 11 new fire rings to install during this next camping season. The rings will replace those that are old and worn out. This will be a visual and functional improvement in the campgrounds. There have been many compliments from campers in the past when replacement rings were installed by the 2008 "My Hometown Helper" Promotion grant for \$2,000.00.

The proposed Delta County Parks and Recreation Commission's 5 year recreation plan is on the county parks' web page for 30 days of public review and input at the beginning of the meeting scheduled February 17, 2010 at 5:30pm in the District Court room at the Delta County Courthouse. The website displaying the Plan is www.deltacountymi.org (click on the on the "parks and campgrounds" tab at the top of the page).

The County's Community Corrections work van crew have recently been scheduled for a total of 15 days this summer. We appreciate the help that they have been and look forward to a great summer with their help.

We are now processing camping and pavilion reservations for the summer season. Several inquiries have been made so far. For further information, or to make reservations, people may call Pioneer Trail Park at 906-786-1020 or e-mail at parks@deltacountymi.org.
